

## Accessibility Policy

## Introduction

The Disability Discrimination Act (DDA) 1995 was extended to include education by the SEN and Disability Act 2001 (SENDA). The board of Governors of Holy Family Catholic Primary School recognises the following duties that this places upon them;

- Not to treat disabled pupils less favourably for a reason related to their disability
- To make reasonable adjustments for disabled pupils, so that they are not at a substantial disadvantage
- To plan to make reasonable adjustments to the school buildings so that there is an increased access to education for disabled pupils and to make the school buildings more accessible for disabled persons.

The planning duties of the DDA makes three requirements of the Governing body:

- To increase the extent to which disabled pupils can participate in the school curriculum
- To improve the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
- Improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled.

Schools are required to resource, implement and review their accessibility plan as necessary. This plan will be monitored and evaluated by the Resources Committee of the board of governors. The plan attached sets out the Governors' proposals for increasing access to education for disabled pupils.

## Disability and Holy Family Catholic Primary School

*'A person has a disability if he or she has a physical or mental impairment that has a substantial long-term adverse effect on his or her ability to carry out day to day activities'* – the DDA definition of disability.

Holy Family Catholic Primary School's policy on equal opportunities and disability is to ensure that there is no discrimination against any sub-group within its community, be it because of sex, religion, race, colour or disability. With this in mind the school has put in place policies and procedures so that disabled people are not treated less favourably in the service, education or support they receive than

people without a disability. Meeting these requirements is consistent with the school's Special Educational Needs (SEN) Policy as well as Equal Opportunities Policy.
