# Craft Instructions

## Minibeasts Pebbles

### You will need...

Smooth pebbles in different shapes  
Several different coloured paints  
Paint brushes  
Black felt tip or marker pen  
PVA glue  
Minibeast photographs

### What you do...

- 

Look at the photos of minibeasts for inspiration and choose which pebble would suit the minibeast you want to make. You might want to give darker pebbles a white undercoat and leave it to dry.
- 

Look at the main colour on your chosen minibeast. Paint your pebble in this colour, making sure that it is completely covered.
- 

Add any other colours to the minibeast, leaving time for each colour to dry. You may need to add finer details such as eyes, and antennas using the black felt tip pen.
- 

Once dry use a very thin layer of PVA glue or clear craft glue to seal the pebble.
