

## **I'm Sorry**

My friend shouted at me yesterday,  
And I shouted back at her.  
She won't play with me today  
And I won't play with her.

My friend shouted at me yesterday,  
And I shouted back at her.  
She doesn't speak to me any more,  
And I won't speak to her.

If she was as sad as I am sad,  
This is what she might do:  
She might come and say I'm sorry,  
And I would say sorry, too.
