

									
Awiba 59cm	Azobi 29cm	Druba 32cm	Pinkata 21cm	Tinius 15cm	Tumbus 27cm	Crooji 40cm	Quistin 47cm	Exacta 51cm	Stillis 38cm

Activity 1

Add the height of these aliens together. What is the total? Show your working out.

1. Azobi and Pinkata
2. Exacta and Crooji
3. Stillis and Tinius
4. Crooji, Pinkata and Quistin
5. Awiba, Druba and Tumbus

Activity 2

Calculate the missing alien. Show your working out.

1. Azobi and which other alien measure 76cm in total?
2. Tinius and which other alien measure 66cm in total?

Activity 3

Which two aliens have the following total height? There might be more than one answer!

1. 85cm
2. 53cm

Activity 4

Choose two aliens from the stack of cards. Write down their names and then calculate the **difference** in their height. Repeat this. Remember to show your workings in your book.
