

Get Outdoors

Hi Miss Hunter I think we should go camping this week What do you think?

I know!!!!
The children at Holy Family are really smart. I'm sure they would be able to come up with a good idea. But they will need to think carefully about what materials to use.

Miss Hodson what a fabulous idea. But we can't use reception's tent. It won't keep us dry. What should we do?

That is such a great idea. I can't wait to see what the children create. Hopefully they will send their ideas to
DT@holy-family.surrey.sch.uk

Benefits of children being outdoors

1. Builds confidence
2. Promotes creativity and imagination
3. Teaches responsibility
4. Provides different stimulation
5. Gets kids moving
6. Makes them think
7. Reduces stress and fatigue

ACTIVITIES

1. Design and create a kite.

One thing that Miss Hodson and Miss Hunter love doing when camping, other than drinking tea, is flying kites. As we learnt from last week, we need to think more about recycling materials. Can you create a kite using recycled materials for us to play with.

2. Design the perfect playground.

At the campsite we noticed there was an empty field. We spoke to the owner, Mr Camptent, who told us that he wants to build a new playground at the campsite for all the children to use. Can you design and build a new playground. Good news...you can choose how to make it; Lego, building blocks, Minecraft, drawings etc.

3. Build a weather resistant tent

As we mentioned before we need a tent to go camping and we are hoping that you will be able to create a brilliant tent. You could include special compartments for a camping table, tea area, porch etc. We can't wait to see what you come up with.
