Teacher notes

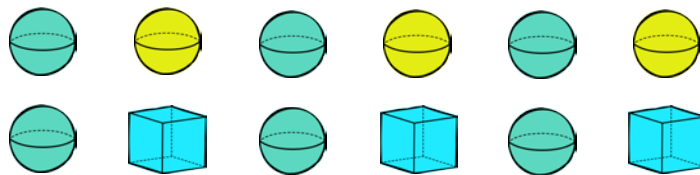

The shapes will be cut out and children will create their own patterns based on shape, colour and orientation. Children can work individually or in partners and can use either the worksheet or concrete manipulatives to complete this activity.

Developing

Children may only be able to create single shape or single colour patterns.

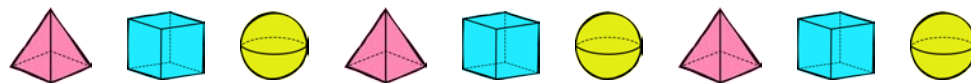

Examples:

Secure

Children will be able to create a combination of shapes and colours with up to 3 shapes / colours.

Mastery

Children will be able to create a combination of complex patterns using any number of shapes, colours and orientations.
