

Patience

Week 3

Patience means:

- *Waiting*
- *The capacity to accept or tolerate delay, problems, or suffering without becoming annoyed or anxious*
- *An example: say you had to wait for a ride in a theme park and it took ages you need to tolerate that it will be delayed sometimes.*

Situations

*Say you are waiting in a long queue to get tickets to go see your favourite movie you are really excited about it . This is a situation where you need to show **PATIENCE!!!!!!!***

Say it is Christmas day and you woke up way to early so you have to lie in your bed until it is you can open your presents.

Our mission for you...

- *Our mission for you is to show patience in all you do*
- *If you are waiting don't jump the queue*
- *And something else you could do, is remember other people are waiting too.*
- *This is our patience task all for you!*

Thank you for watching!!
