

## Year 2 Curriculum Letter- Autumn Term

Please see below an overview of the term and we have included ideas of how you can support your children with their learning at home.

God Bless, Miss Gil

| Subject                    | Curriculum                                                                                                                                                                                                                                                   | How you can support learning at home                                                                                                                                                                                                                                           |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Religious Education</b> | Creation and Covenant<br>Prophecy and Promise                                                                                                                                                                                                                | Talk to your child about their baptism, share photographs with them.                                                                                                                                                                                                           |
| <b>Reading</b>             | We will be using these books to support our Topic lessons.<br>Autumn 1<br><br>Autumn 2<br> | Please read your child's Read Write Inc book at home and ask them the questions at the back of the book. Spend time reading the sharing book and books at bedtime.<br>Support your child's reading through the QR code, this will take you to videos on the RWI parent portal. |
| <b>Writing</b>             | We will be writing in a variety of ways, stories, diary entry, letters and poetry using repeated language.                                                                                                                                                   | Support your child with their handwriting.                                                                                                                                                                                                                                     |
| <b>Maths</b>               | Autumn 1- Place Value, addition and subtraction.<br>Autumn 2- Multiplication and division.                                                                                                                                                                   | Discuss key vocabulary at home.<br>Overviews from the topic are on the school website.<br>Learn number bonds to 20, doubles and halves of numbers to 20.<br>Learn the 2,5 and 10 times tables.                                                                                 |
| <b>Science</b>             | Animal Needs for Survival<br>Humans<br>Materials<br>Plastic                                                                                                                                                                                                  | Look at our knowledge organisers on the website to explore vocabulary for our topic this term.<br>Explore materials around the home, discuss what things are made from and ask your child why they think that material has been chosen.                                        |
| <b>History</b>             | What were school like in the past?<br>                                                                                                                                    | Talk to your child about what school was like when you were at school. What are the similarities and differences?<br>Compare to Grandparents too.                                                                                                                              |
| <b>Geography</b>           | Would you prefer to live in hot or cold place?<br>                                                                                                                        | Look at a world map together, show countries you have visited together. Point out the 7 continents of the world. Can your child find them? Google earth is a great website to share.                                                                                           |

|                              |                                                                                                                                                                                                                           |                                                                                                                                                      |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Art</b>                   | Life in colour- The children have been exploring colour mixing, created textures on paper and used this to create a collage.                                                                                              | Let the child explore collage pictures at home or they could paint their own pictures mixing the colours they need using the prime colours.          |
| <b>Design and Technology</b> | <p>Cooking a nutrition- A balanced diet. The children will be designing and creating a healthy wrap.</p> <div> <div>Skills</div>  </div> | Give the children opportunities at home to use the skills we will be using in class. Such as cutting, grating spreading, snipping and taste testing. |
| <b>Music</b>                 | Pitch and Pulse<br>Advent                                                                                                                                                                                                 | When listening to song, speak about the pitch of the music.<br>Listen to advent songs together                                                       |
| <b>Computing</b>             | E-Safety- Avatars<br>Programming                                                                                                                                                                                          | Scratch junior is a great game children can play to create their own algorithms.                                                                     |
| <b>Physical Education</b>    | Throwing and catching and inventing games.<br>Autumn 2- Sending and receiving                                                                                                                                             | Take a ball to the park and play throwing and catching games.                                                                                        |
| <b>Spanish</b>               | N/A                                                                                                                                                                                                                       |                                                                                                                                                      |
| <b>PSHE</b>                  | School values<br>Zones of regulation and The Worry Monster<br>Black History month<br>Antibullying<br>Attendance<br>Created and loved by God (TenTen curriculum)                                                           | Share stories at home about different emotions.                                                                                                      |

#### Website
