Search Term Helpful Hints

You do not need to type in a whole question. Use keywords.

When choosing keywords make sure they are all relevant to the enquiry. Choose the most important words in the question.

Be specific. Avoid general words like 'people' or 'history'.

If you want websites that are easier to understand type in 'for children' after your search terms, e.g. **ancient Egyptian farming for children**.

Avoid little words like **and, if, so, but, their, your, etc.**
